We started a series of nature walks called the “Greenzones of Delhi”, where we visited some of the most beautiful green areas around Delhi. This series of walks was started by New Delhi Nature Society in 2015. Participants learned about the flora and fauna while exploring the greener parts of the city.

Wildlife Habitat Restoration

In collaboration with **We Mean to Clean** and with **Consumer Voice**, **New Delhi Nature Society** organized a Wildlife Habitat Restoration / Garbage Cleanup Drive in Vasant Kunj, New Delhi.

Volunteers were invited for this program to a beautiful site that was covered in garbage.

We all spent a few hours and collected more than 10kg of non-biodegradable garbage from there.

All the volunteers received a cloth bag, which empowers them to refuse to take plastic bags from shopkeepers in the future.

The DDA also assisted us to take away all the collected garbage.

We only disclosed this location to responsible people so that the place can be kept in good condition.

If too many irresponsible people reach there then the garbage will only increase.

SQUID GAME

If you watched "Squid Game" recently then you will be excited to know that we organized our own version, where nobody died, lol.

The game was packed with lots of fun and surprises.

De-Choke Trees

The Hon'ble National Green Tribunal in its order dated 23rd April 2013 has directed all Public Authorities to ensure that all the sign boards, names, advertisements, any kind of boards or signage's, electric wires and high tension cables or otherwise are removed from the trees.

They shall also ensure that the concrete surrounding the trees within one meter of the trees are removed and all the trees are looked after well and due precaution is taken in future so that no concrete or construction or repairing work is done at least within one meter radius of the trunk of trees.
