NDNS Needs Your Help

New Delhi Nature Society has helped to save numerous trees and animals across the capital over the years. Every day we get calls from different parts of the city, where people request us for assistance. Animals need to be rescued, trees need to be saved, and we have to attend meetings and survey various sites. A lot of our fieldwork is directly related to our litigation for environment conservation. For all this work we need to have a mode of conveyance, and sometimes we are left helpless and stranded since our organization does not own any vehicle.

We are reaching out to all our supporters for help to get our first vehicle. So, if you can help us with an old vehicle which is in good working condition, or help us to raise funds to buy a new vehicle, then it would greatly help our work.

We require a large vehicle which will be helpful to travel with animals, also it can be helpful to save a fallen tree. We require an SUV so that we can access all terrains in and around the city.

If we get a single donor, the name / donating company name will be printed on the vehicle. If multiple donors can contribute funds, our organization will issue 80-G receipts for the donors. For more information, please contact newdelhinaturesociety@gmail.com.

5/6/2022	7:30-9:30am	Green Vibes Farm	Seed bombs, harvesting vegetables, outdoor survival, composting

Compassion for Animals Workshop

A fun day at FRIENDICOES - once upon a time this amazing place started as a kindness club for distressed animals. Now hundreds of animals are brought here for treatment every day.

Participants in our workshop spent quality time with the animals and took some of the dogs out for a walk.

This workshop helped highlight the need for love and compassion that the animals need and much deserve.

Lodhi Garden

The Nature walk organized in Lodhi Garden turned out to be an amazing experience for all the participants.

From hugging trees to creating art from nature, this walk turned out to be extremely refreshing.

Nature Walk - Aravalli Biodiversity Park (Vasant Kunj)

There could not have been a better way to gain knowledge about biodiversity than spending time at the Aravalli Biodiversity Park in Vasant Kunj.

This place doesn't only offer an opportunity for trekking in Delhi but also houses an assortment of plants and trees along with a chance to explore different species that are otherwise not easily spotted.

Ever asked a BARNA tree for a wish ?

It is very auspicious to pray to a Barna tree or to ask for a wish from this tree.

There is more than 1 Barna tree in Lodhi Garden.

The NDMC has put a metal signboard on this tree even after being informed that the Hon'ble National Green Tribunal has ordered all government departments, including the NDMC, to remove all sign boards from trees.

SAVE OUR CITY CONCLAVE

A one-day conclave divided into 4 parts, where the objective was to discuss the major environmental issues and their solutions.

The major points covered were the concerns relating to urban development, solutions to minimize the destruction and damage to habitats were also one of the key focus.

How to save a fallen tree.

1. Cut branches to make it lighter.
2. Dig near the base of the tree without cutting roots.
3. Get a crane to lift the tree and make it straight.
4. Put soil around the tree to hold it in place.
5. Use support if required.

[Click here for full story.](#)

Standard Operating Procedures

Manmade objects which fell during the storm.

People are always angry at trees because they fall in the storm.

Trash burning near Sanjay Van, Qutub Institutional Area, lead to felling 4 trees.

You can also donate books to NDNS and help build the library.

Visit our website for more details: www.ndns.in

We're Hiring!

We are looking for candidates interested in an Internship and/or full-time work. We have multiple projects which we are working on.

Send your CV to us at newdelhinaturesociety@gmail.com to apply.

De-Choke Trees

The Hon'ble National Green Tribunal in its order dated 23rd April 2013 has directed all Public Authorities to ensure that all the sign boards, names, advertisements, any kind of boards or signage's, electric wires and high tension cables or otherwise are removed from the trees.

They shall also ensure that the concrete surrounding the trees within one meter of the trees are removed and all the trees are looked after well and due precaution is taken in future so that no concrete or construction or repairing work is done at least within one meter radius of the trunk of trees.
