### NDNS Needs Your Help

New Delhi Nature Society has helped to save numerous trees and animals across the capital over the years. Every day we get calls from different parts of the city, where people request us for assistance. Animals need to be rescued, trees need to be saved, and we have to attend meetings to revive water bodies and survey biodiversity parks, etc. We need to conduct site inspections regularly. A lot of our fieldwork is directly related to our litigation for environment conservation. For all this work we need to have a mode of conveyance, and sometimes we are left helpless and stranded since our organization does not own any vehicle at the moment.

We are reaching out to all our supporters for some help to get our first vehicle. So, if you can help us with an old vehicle which is in good working condition, or help us to raise funds to buy a new vehicle, then it would greatly help in our work. We require a large vehicle which will be very helpful to travel with animals, also it can be helpful to save a fallen tree. We require an SUV so that we can access all terrains in and around the city.

If we get a single donor, their name / donating company name will be printed on the sides of the vehicle. If multiple donors can contribute funds for a new vehicle, our organization will issue an 80G receipt for the donors. For more information, please contact us at [newdelhinaturesociety@gmail.com](mailto:newdelhinaturesociety@gmail.com).
